The Charlotte Observer draws its razor in defense of the Summer girl. The Star's long suit is standing by the Summer girl.

It is stated that "diamonds are still going up." We shoved ours up long ago. There's nothing like keeping a good thing going.

It tickles Charlotte to death to show her good roads to delegations from other cities who are looking for the best model to go by in constructing durable and economical highways.

"What constitutes a beautiful girl?" asks a fashion magazine. Not face, nor figure, nor clothes. These, make a woman pretty but she is beautiful when she is sincere, gentle, pure in heart and devoted to her mother.

Mount Vesuvius is in eruption, a volcano has broken out in the Samoan islands, the volcanoes in Hawaii have been pouring forth fire, lava and mud, but the Oyster Bay date ine never fails to be watched for something doing.

The consulting engineers of the Panama Canal Commission appear to be considering plans that should have been settled before the work begun. Mighty poor architect who will start to build a house before his plans are drawn up.

Says the Raleigh Post: "A New York dressmaker predicts that men will soon be wearing corsets. Some sissy boys—dudes, may, but men, never." Still it must be admitted that some men would wear corsets out if they were not kept at their distance.

LOCAL DOTS.

Library of Congress

—The law offices of Hon. John D. Bellamy have been removed from the Smith building to the new Southern.

—Deeds filed for record yesterday: A. Jackson and wife transferred to T. Goodwin, for $100, property on the east side of Wright, 99 feet west of Seventh street, 33x132 feet in size.

—Yesterday's cotton receipts were the heaviest of the year—4,140 bales. The receipts for same day last year, however, were even greater—4,283 bales. The spot quotations remain the same.

—Walker Page, colored, was bound to Superior Court by Justice Furlong yesterday to answer the charge of non-support of his wife. Page works at the compress and gave the $50 bond required of him.

—Tyson Brower and Charles Robinson, charged with the larceny of timber on the river, the property of Messrs. Croom and J. M. Marshall, will be given trial in Justice Furlong's court at 3 o'clock this afternoon.

—Lieutenant Colonel David A. Lyle, of the United States Ordnance Department, has been ordered to make an inspection of the southern seacoast armament and will inspect Fort Caswell some time between now and January 1st.

—The property in which the present office is located having been sold, Mr. Richard J. Jones, treasurer of the Oakdale Cemetery Company, is preparing to move into the suite of offices, on the first floor of the new I. O. O. F. building, immediately to the right of the Third street entrance.

—Justice Bornemann was aroused from his slumbers at the peep-o'-day yesterday morning by George Davis, a young white man, who brought along Gus Brindale, his companion, whom he wanted arrested for the larceny of $2 from his trouser pocket. Later the prosecution was adjusted frivolous and Davis was taxed with the costs.

—Messrs. Alexander Sprunt & Son have applied for a permit to build a small carriage house to be covered with tin, back of their office on Walnut street, in which to store either a carriage or automobile as may be convenient, but no supply of gasolene or other inflammable material to be kept in the shed beyond that which is actually in the machine.

MR. T. S. EVANS DEAD.

Venerable Citizen of This Section Passed Away at Chadbourn, N. C.

News reached the city yesterday of the death of Mr. T. S. Evans, which occurred at 7:40 o'clock yesterday morning at the home of his daughter, Mrs. Etta Koonce, in Chadbourn. Mr. Evans had reached the extreme age of 76 years last January and his death was due to paralysis and a general breakdown of his constitution in consequence thereof.

The deceased was a twin brother of Mr. J. B. Evans, of Town Creek, and he was with him when he passed away. Other members of the family are an older sister, Mrs. A. J. Mercer, the mother of Mr. J. B. Mercer of this city; another sister, Mrs. C. R. Galloway, of Town Creek, and another brother, Mr. A. H. Evans, of Town Creek.

Mr. J. B. Mercer and other relatives will go up on the morning train over the Seaboard Air Line to attend the funeral which will be conducted at 11 A. M. to-day from Wayman church, Bladen county, near the old home of the deceased. Mr. Evans was a splendid type of the older generation and was held in the highest esteem by all who knew him. Members of the family have the sincerest sympathy of many friends in their bereavement.

THAT DRIVING ORDINANCE.

Mayor Says Fines Will Go On After Yesterday—Four Defendants.

The ordinance against driving over street intersections in congested districts of the city at a faster gait that a walk is still claiming a large amount of attention in the police court. Special Officer J. M. Lord has been detailed to the work of looking after violators of the ordinance and yesterday when court met two prominent physicians—Dr. D. W. Bulluck and Dr. J. B. Cranmer—and two colored drivers were before the Mayor on the charge of having violated the law. They were dismissed but Mayor Waddell gave out the ultimatum that after yesterday ignorance of the law would be no excuse as he had adopted every known method of making the ordinance public. Defendants in the future, therefore, may reach well down in their pockets when the Mayor passes judgment.

Tribute to Philanthropist.

The Star regrets that it cannot find space this morning for an eloquent tribute paid by Mr. G. Kelson Young, manager of the Boys' Brigade in this city, to the life and work and character of Dr. Thomas John Barnardo, of London, Eng., whose death was chronicled in the Associated Press dispatches yesterday. Before coming to Wilmington a few months ago, Mr. Young was actively engaged in the work which Dr. Barnardo was at the head and pays eloquent tribute to him as "The Father of Nobody's Children," as he was affectionately known.

THE SURERIOR COURT

Double Term of Three Weeks for New Hanover Convenes Here Next Monday

ALSO IN BRUNSWICK COUNTY

Wilmington Very Heavy — Exchange Between Judges Council and W. R. Allen — Jurors Summoned from Which to Draw.

The bar of the city will meet at 11 o'clock this morning at the office of Col. John D. Taylor to arrange the calendar of civil suits for trial during the two weeks of New Hanover Superior Court ensuing October 2nd. The first week of the court will convene next Monday, Sept. 25th, but that term, under the new law, will be devoted entirely to the trial of criminal cases of which, they are an unusually large number on the docket. Judge T. A. Council, of Boone county, will preside at the first week's term for criminal causes but, by exchange with Judge Council, the two weeks civil term immediately following will be presided over by Judge W. R. Allen, of Goldsboro, a brother of Judge Oliver H. Allen, so well known here.

There are 103 criminal cases for trial—the heaviest docket on record for several years. Several of the cases are of importance, notably those of M. W. Shockley, and young Lamb, charged with murder, and a negro from the country, charged with criminal assault upon a colored girl. If the docket is completed during the week a number of cases will have to be continued. Matters will then be little better, for, according to the arrangement of the courts at present, there will not be another criminal term until the new year.

The civil docket is also pretty well crowded, but it is expected that the two weeks following the criminal term will afford ample time to dispose of most of them.

The jurors summoned for the first week, or criminal term, from which the grand jury will be drawn, as as follows: George Rountree, L. B. Rogers, W. J. Morris, J. H. Williams, E. A. Hughes, R. H. Bowden, J. Frank Maunder, John D. Bellamy, Geo. H. Heyer, J. M. Bunting, T. B. Carroll, L. F. Saunders, E. B. Knight, Wm. W. Michiner, Albert F. Swinson, Decatur E. Castell, F. J. Gooding, J. H. Russell, C. M. Whitlock, Fred. W. Westermann, Jas. H. Gurganus, J. T. Dooley, J. M. Power, B. B. Jackson, Jas. F. Whitaker, H. B. Peschau, S. L. P. Anderson, A. Shrier, Burke H. Bridgers, H. W. Howard, L. W. Davis, J. C. King, J. T. Smith, Jno. F. Garrell, Jno. C. McAllister, R. A. Parsley.

Brunswick Superior Court, Judge Fred Moore, of Asheville, presiding, will also convene next week for the trial of both civil and criminal matters. A large number of Wilmington attorney's are also interested in the Brunswick court and the conflict of the two will likely develop some embarassing situations for attorneys having business in both courts at the same time. The Southport Herald says of the term:

"Judging from the number of criminal and civil cases on the docket there will be one of the largest courts in years and will last through the week and perhaps longer. There are sixty criminal cases and in the vicinity of thirty civil cases. Of course, some of these cases will be continued, but most of them will be tried this time.

"Deputy Sheriff Greer has to date seven guests who are awaiting trial for the following offences: one for horse stealing, two for carrying concealed deadly weapons, one for ox stealing, one for highway robbery, one for contempt of court, and one for assault with deadly weapon. There seems to be no doubt as to some of them taking a trip to Raleigh against their will."

MARRIED AT COUNCIL'S.

Miss Perry Bride of Sergeant Jones, of Fort Hancock, N. J.

The marriage of Miss Lucy J. Perry and Sergeant M. P. Jones, of Fort Hancock, N. J., was celebrated at the home of the bride, near Council's, N. C., Wednesday evening, Sept. 20th, in the presence of a few friends and relatives. Miss Perry is the charming daughter of the late Stephen Perry, of Bladen county, and Sergeant Jones is a son of the late Henry Jones, of the same county. Mr. Jones has already made a reputation, and has been recently promoted. Rev. W. M. Shaw, of Kenansville, N. C., officiated at the marriage.

Mr. and Mrs. Jones arrived in the city yesterday afternoon and will leave Saturday for Fort Hancock, where the groom is stationed and where the couple will live.

Government Boats to Beaufort.

The government suction dredge Cape Fear, Capt. W. A. Crawford, and the tug Richard Caswell, Capt. Jesse D. Price, were dispatched by the Engineering Department here yesterday to Beaufort, N. C., where they will be engaged for some time in dredging on the Beaufort bar. The boats will, however, return to the Cape Fear work as soon as possible. The need of the dredging at Beaufort is regarded as more urgent than the work here for the present.

Big Lumber Concern.

The Southport Herald says: "Capt. W. A. Sanders informs us that an enormous saw mill is to be built in the near future in the lower end of the county near Little River. The projectors of the concern recently went down on the Compton to complete arrangements. The name of the firm to build the plant is Messrs. Hammar & Co. of Philadelphia. They have bought in the neighborhood of 30,000 acres of timber land, and expect to ship all their product by light draft schooners by way of Little River."

"THE OFFICE BOY" COMING.

Frank Deshon in Nixon & Zimmerman's Great Musical Comedy.

Frank Deshon appears here on Monday night at the Academy in his successful musical comedy, "The Office Boy," under the management of the Nixon & Zimmerman Opera Company.

"The Office Boy" last winter enjoyed a three-months' run in New York city, where it received much praise and played in packed houses. It has since been seen in other large Eastern cities and was one of the World's Fair attractions in St. Louis. In it Deshon represents an office boy, who masquerades as a jockey, and from the time of his entrance to the finale the fun is said to never let up. Good songs and comical situations abound and the predicaments into which the unfortunate office boy gets are described as being ludicrous in the extreme. The musical score by Ludwig Englander is said to be both tuneful and musicianly and to contain three or four numbers that are destined to great popularity. Among them the greatest hit appears to be a comic song by Mr. Deshon called "I'm On the Water Wagon Now." The company is reported to be a very large and clever one, and the dresses and the scenery are described as rich and sumptuous.

The sale of seats will begin to-morrow morning at Plummer's. The prices are $1.50, $1.00, 50 and 25 cents.

NEWS OF LOCAL SHIPPING.

Cotton Steamer Cleared and Another to Arrive—Lumber Schooner.

The schooner Wm. H. Davidson has completed discharging cargo of salt for T. S. Southgate & Co., and will clear to-day for Beaufort, N. C., for cargo of lumber. The low freight rate on account of the abolition of compulsory pilotage is said to be militating largely against shipping at present, sailing vessels preferring to go elsewhere for the higher rates that are offered.

The British steamer Greatham cleared yesterday for Bremen, Germany, with the third cargo of cotton from this port this season. It consisted of 7,563 bales of cotton, valued at $402,640 and consigned by Messrs. Alexander Sprunt & Son. The Greatham leaves only one cotton steamer in port, the Bloemfontein, but another is expected from New York at any time. She is the Nyanza, Capt. McCaulay, which will be one of the largest to visit the port this season, having a net register of 2,642 tons.

A. & Y. TRAIN DELAYED.

Coal Cars Wrecked on Fayetteville Yards Early Last Nght.

The derailment of a couple of heavy freight cars on the yards at Fayetteville yesterday evening at 7 o'clock caused a nine-hour delay of the incoming passenger train on the A. & Y. road, due here last night at 8 o'clock. The passenger train was already two hours late on account of having to wait for connection with the Southern. Had it been on time, it would have passed Fayetteville before the wreck of the coal cars, but, according to railroad men, misfortunes never come singly and it was the luck of the passenger train to get caught on the other side of the wreck. The train is expected to arrive here about 5 o'clock this morning.

A wrecking train from Wilmington was sent to Fayetteville with all possible dispatch, but the freight cars were heavily loaded and it required considerable time to clear the track. No one was injured and fortunately the damage to property is slight.

PITT COUNTY LAND SUIT.

Judge Purnell Dismisses Case of Patty Y. Dupree in U. S. Court.

United States Court Clerk S. P. Collier yesterday received the final decree of Judge Purnell in the celebrated land suit of Patty Y. Dupree, of Mississippi, against W. W. Leggette, and others, of Pitt county, which was tried at the last term of court here. Judge Purnell decrees that the bill be dismissed and that the defendants recover their costs to be taxed by the court. The suit involves the title to a third interest in a large body of land, near Greenville, N. C., valued at about $10,000. The third interest is claimed by Mrs. Dupree, of Mississippi, as an heir of the late E. C. Yellowly, who died in 1885.

The plaintiff is represented by Messrs. Rountree & Carr, of this city, and the case will probably be taken to the Circuit Court of Appeals. Ex-Governor D. L. Russell and I. T. Suggs, Esq., of Greenville, appear for the defendants in the action.

Bad Negro Captured.

Southport Herald: "Ellis Watts, a white prisoner who escaped jail here about two years ago was captured at Mount Tabor, Columbus county, and lodged in the county jail here yesterday evening. One of Sheriff Butler's deputies by the name of Richardson brought Watts down. Watts has a bad reputation having escaped from the old county jail here over two years ago. He was awaiting trial for retaling liquor without license in the lower part of this county. There are thirteen cases against Watts."

Woman's Missionary Union.

The annual observance of the "Day of Prayer" by the Woman's Missionary Union of the Wilmington Presbytery will be held at Black River church Sept. 29th., the first service beginning at 10:30 A. M. Among those who will speak to the Union are Rev. R. L. Wharton, of the Presbyterian Mission in Cuba; Revs. L. W. Curtis and R. M. Mann. All persons who go by rail will be met at Ivanhoe, N. C.

Academy Last Night.

A brilliant revival of Hoyt's "A Bunch of Keys" was enjoyed by a large audience at the Academy of Music last night. New medleys, new songs and new dances brought the production of former days up to the present and every part of the performance was creditable. Mr. Geo. C. Odell and Mart Malloy in the comedy leads were, perhaps, the favorites in the cast.

FOREIGN LABORERS

Said That Big Lumber Concern at Boardman Will Employ Two Hundred.

TWENTY SEVEN LAST NIGHT.

Skilled and Intelligent Germans, Hungarians, Swedes and Danes From New York—Experiment of Messrs. Hugh MacRae & Co.

Twenty-seven skilled foreign laborers, including Germans, Hungarians, Norwegians, Swedes and Danes arrived last night on the train from the North and will leave at 6 o'clock this morning for Boardman, N. C., where they have been engaged by Manager E. B. Wright to work in the big lumber mill there. They are all intelligent men and very legibly subscribed, each one for himself, their names on the register of the Bonitz House, where they got supper and spent last night. They all speak English very well and come from New York and Brooklyn. They have no frills, however, and impress one favorably as a class of working people, who could and would do much for the South, were they imported here in sufficiently large numbers.

It is no new experiment with the mill management at Boardman, for the same class of laborers has been used there very successfully before. It is stated that the colony of 27 last night is to be followed by another party of fifty next week and that in all about 200 of the foreigners are to be brought here as soon as possible to take work at the plant at Boardman.

Those of the party which arrived last night were not accompanied by their families, except in one single instance in which a husband was accompanied by his wife. Later, however, it is said that a large number of the foreigners may be colonized on small farms near Boardman.

Negro labor has recently been employed at the many saw mills in the East, but the activity in the lumber business and kindred industries has been so great of late that a sufficient number of the black laborers cannot be obtained and mill owners claim that much of the latter class of labor is so unreliable that it is absolutely necessary to adopt other expedients.

The flocking of country negroes to the towns and cities, for the lighter occupations, is also said to have militated considerably against the lumber mill men, who usually have their plants located as near to the timber supply as possible and, therefore, somewhat removed from the larger places.

The arrival of the foreigners last night gave rise to the report that the strangers comprised the first installment of a party of immigrants whom Messrs. Hugh MacRae & Co., will bring to this section, but the report proved erroneous. However, it is known that the Carolina Trucking Development Company, in which Messrs. MacRae & Co., are largely interested, is making some effort to bring a better class of foreigners to this section, whom it is sought to interest largely in agricultural pursuits. Maj. E. W. VanC. Lucas, president of the development company, and Mr. MacRae himself are in touch with the immigration departments of both the State and National governments with this end in view and substantial results are expected. These, it is thought, will be composed largely of Hollanders, who are conversant with the growing of small crops and who are industrious, energetic and intelligent. Maj. Lucas has made several trips to the State capitol in this interest and has also visited the Department of Immigration at Washington and the New York State bureau. The plan has great possibilities and the arrival of the colony last night to go into an adjoining county gives fresh interest to the enterprise at home. It is quite within the range of possibility that some of the foreigners, upon completing their work at the lumber mill, may be induced to settle in this vicinity.

TWO FIRE ALARMS YESTERDAY.

Small Frame Houses on Marsteller Street Practically Dentroyed.

The alarm of fire from box 412 shortly after 4 o'clock yesterday morning was on account of the burning of two small houses, occupied by colored persons, at 108 and 110 Marsteller street. The first named was a total loss with its contents and the one adjoining was nearly so. The damage was about $700.

The alarm from box 54 at Twelfth and Market at 3:18 yesterday afternoon called the department to a frame dwelling at No. 110 North Eleventh street, owned by D. P. Carter and occupied by Amos Carley. The cause was a defective chimney. The damage was very slight.

Funeral of Mrs. Blake.

The funeral of the late Mrs. Annie H. Blake, wife of Mr. A. E. Blake, was conducted at 4 o'clock yesterday afternoon from the family residence in East Wilmington, Elder Farmer, of the Primitive Baptist church, having arrived from Wilson to conduct the services. A number of friends were in attendance and the floral offerings were very pretty. The pall-bearers were Messrs. W. H. Yopp, E. J. Littleton, E. F. Johnson, J. O. Brown, M. C. Benson and Capt. W. P. Oldham. The interment was in Oakdale cemetery.

As to Building Permits.

Blank applications to conform to the city building ordinance have been provided at the office of the City Clerk and Treasurer upon which all applications for permits to build in the future must be made. The blanks are to make the system uniform. The new State law also requires that permits be secured from the chief of the Fire Department. Blanks for those are also kept at the office of the City Clerk and Treasurer.

ACADEMY TO-MORROW NIGHT.

"Human Hearts," Favorite Melodrama, To Be Presented Here.

To-night the theatre will be dark for the first evening of the week. Saturday night a revival of the old favorite "Human Hearts" will hold the boards and to the lovers of melodrama, no announcement could carry more pleasant anticipation. The sale of seats is now in progress and indications point to a large audience. Of the production, the Raleigh News and Observer says:

"A spendidly satisfied audience at the Academy of Music last night enjoyed to the uttermost the presentation of Nankevilles great melodramatic success, "Human Hearts," this being an idyl of the Arkansas Hills.

"The play was presented in a most realistic manner and there was much applause given by the audience which was merited. The company is an excellent one, but in the presentation there are especial words of praise for Miss Ida Rockwood in the character of "Ruth Larkin," who on a previous visit took the role of "Jeannete Logan," Baby Adele Shirley as "Little Grace Logan," Mr. Frederick T. Fairbanks, Mr. Henry J. Yorkey, and Mr. James H. Walthom.

"Human Hearts" is a strong play that always attracts and the company now presenting it is worthy of the best partonage. With a play of so stirring a character so well presented big audiences should be the rule.

STAVE MILL SHUT DOWN.

Lack of Sufficient Capital to Finance the New Enterprise.

The stave mill across the river has been shut down on account of logs, there being a lack of sufficient capital, so it is said, to finance the enterprise. This is to be regretted. The mill ran for some time and manufactured some 700,000 staves, which found a ready sale on the Northern markets. It is to be hoped that some business man will take hold of the enterprise and continue the operation of the plant, which is now for sale. The mill employs some 30-odd skilled laborers and is quite an important institution. Mr. J. J. Graham, who put down the mill, is an experienced man, and would be glad to continue the business upon an equitable basis.

New Bridge Over Moore's Creek.

Mr. George J. Moore, of Atkinson, N. C., was here yesterday. Mr. Moore is a member of the Board of County Commissioners of Pender, and will to-day go over to inspect and formally receive from the Virginia Bridge Company, of Roanoke, Va., a handsome steel bridge recently erected over Moore's Creek, at the famous battleground. Commissioner F. P. Flynn was appointed especially to have in charge the work and Mr. Moore says he has done his work well, and that the county has a splendid structure. Only very recently the commissioners of Pender, also erected a substantial steel bridge over Black river, at Still Bluff, making a complete and satisfactory roadway for all that section of country.

Last Shoot of Season.

This afternoon the Wilmington Gun Club will hold its final trap shoot of the season this afternoon. The closing event will be an interesting handicap tournament for which prizes are offered. All club members are requested to be at the traps this afternoon.

COAL!—WOOD!—COAL!
A Convenient Way to Bey Coal.

We have a constantly increasing number of customers who purchase their Winter's coal supply as they are able. When they have the price, they buy a ton, pay for it, and have it sent home. A little later on them get another ton and so on until their full supply is all in. Doing it this way the weight of the whole purchase is not felt. At the same time they have their fuel supply laid in and paid for ready for use before the Winter comes.

If you cannot order your whole supply at once try this plan. We are as pleased at receiving an order for one ton and give the same attention as one for a large quantity.

Anthracite Egg	$6.50 per ton
Anthacite Stove	6.50 per ton
Anthracite Chestnut	6.50 per ton
Best Tennessee Jellico Lump Coal	5.50 per ton
Best Virginia Lump Coal	5.00 per ton

WILMINGTON, N. C.

Friday Morning, Sept. 22.

LESSON FOR COTTON GROWERS AND GINNERS.

Cotton conventions, cotton congresses, and the conventions and congresses of the cotton manufacturers will no doubt have their beneficial effect upon the cotton industry so far as it concerns both the growers and the spinners and weavers of the staple. These conventions and congresses enlighten us, and we should profit by them. No doubt we will.

The Southern cotton producer certainly has the opportunity to profit from the facts revealed at the opening session of the New England Cotton Manufacturers' Convention at Atlanta City, N. J., on Wednesday. In this connection we wish to refer particularly to the report of Mr. Samuel S. Dale who represented the New England manufacturers at the International Congress of Cotton Spinners held in Europe some months ago. For a good reason we here reproduce this portion of Mr. Dale's report:

"At one session of the congress the baling of cotton came up for discussion and bitter complaints were made of the way in which American cotton is received in Europe. In this congress which represented purchasers of American cotton to the value of $350,000,0000 per year, there was not a man who could say one word in favor of American baling. Later in the week the Manchester Ship Canal Company placed a tug at my disposal to visit the canal and docks, and I then had a good opportunity to see the condition of the cotton as it was received there."

Mr. Dale said the markings were unintelligible and gave rise to a suspicion that there was an intention to defraud European buyers. He continued:

"Few bales were intact. They varied from one tie off to none on—bales of all sizes, ragged and dirty, the fleecy staple bulging out and scattered in all directions. In most cases the bale was partially wrapped in half a dozen kinds of bagging, much of which, apparently had been used many times before. In few cases did the bagging completely cover the cotton.

"The losses by such methods are borne by every one that handles American cotton, from the grower to the spinner. Looking at these bales one cannot wonder that the European thinks American cotton is not worth more than eight cents a pound. The cotton itself is the best of its kind in the world."

In the above, Southern cotton ginners and shippers have a statement of facts from which they can take a hint to remedy the evil spoken of, for indeed, it is an evil. Everybody who has handled cotton knows that the statement of facts made by Mr. Dale is not at all overdrawn.

The Star has heretofore called attention to the sloven packing of our cotton and the lack of care with which the bales are laid on the ground or left exposed to the weather. There is no excuse for it, and our cotton producers and ginners should not longer neglect the opportunity to turn over a new leaf in this respect.

If possible the standard cotton bale should be universally adopted at our ginneries and the bales should be properly and neatly bagged. Among the thousands of bales of cotton arriving at the ports for export, it is astonishing to observe the torn and ragged condition of the ends of the bales. Usually five to six yards of bagging is used to a bale of cotton and the custom is to pack the cotton with 2 1-2 to 3 yards to the side. This necessitates the sewing of the ends of the bagging at the ends of the bale, whereas a simpler way to cover a bale of cotton and save the trouble of sewing the ends can be adopted. That is by cutting the covering in two yard and three yard lengths, respectively, if five yards are used, or in two yard and four yard lengths if six yards are used. The short length used on the sinker of the press will keep it from jamming by having the ends of the bagging to wad in the process of packing, thus saving a strain on machinery, animals or men employed at the press. With the larger piece of bagging on the platten or bed of the press, it is a simple matter, when the bale is packed and before the pressure is removed, to completely enfold the ends of the bale with the ends of the longer piece of bagging by tucking them under the ties next to the end of the bale. This saves sewing the ends and no bale so packed will ever go to market with a ragged end. It is then up to the cotton cutters and the compress people to sample the cotton and compress it in a way that will make it more acceptable to our foreign customers.

It is hardly necessary to allude to the care of cotton bales before they leave the farm or plantation. Every man who raises cotton ought to know enough to properly take care of his valuable staple so that it may not be damaged and deteriorated in value by wet ground or exposure to weather.

CURRENT COMMENT.

—The multiplicity of suggestion as to the Panama canal is in danger of developing the suspense created by an effort to guess which shell the pea is under.—Washington Post.

—Last Fall when Judge Parker was, from his country-seat at Esopus, firing his broadsides at the Republican party because of its partnership with the great corporations, Mr. Roosevelt became exceedingly indignant and demanded to be "shown." We haven't noticed an interview from him as to the revelations now being made in New York bearing on the substantial contribution which the New York Life Insurance company made to the Republican campaign fund.—Greensboro Telegram.

—It seems to be a fair question whether President Roosevelt does not owe Judge Alton B. Parker a public apology. The President's quick sense of "squareness" must certainly be much troubled by the disclosure that at the very moment last November when he was hotly resenting Judge Parker's charges regarding the squeezing of corporations for Republican campaign money, the committee charged with forwarding his canvass was accepting money abstracted from a fund for the assistance of widows and orphans and using it to promote his election. Probably Judge Parker at the time never supposed the case was quite as flagrant as it is now known to have been.—The Springfield Republican.

—Judge Parker and the Democrats cannot make partisan capital out of the New York Life's gifts to the Republican campaign funds. Beyond question some insurance companies also gave money to the Democrats. There were other contributions of equal impropriety. Mr. Perkins cannot defend his payment of New York Life to Mr. Bliss on the ground that it was necessary to protect insurance assets from the Democratic party. To use the money of policy holders to promote the success of any party was dishonorable and corrupt. There is no partisanship in corruption. It menaces every party in menacing the nation. Decent men of all parties should unite in demanding State and Federal corrupt practices acts to stop the evil.—New York World.

—Capt. Fitzhugh Lee, who has been detailed as an aid to the President at the White House and an assistant to Col. Bromwell, in charge of public buildings and grounds, was on his way to the Philippines to retain his regiment, the Seventh Cavalry, when he received the orders that keep him in a very prominent position the next two years. Capt. Lee is a son of the late Gen. Fitzhugh Lee and a grandnephew of General Robert E. Lee. One of his associates in his enviable duties will be Second Lieut. U. S. Grant 3d, Corps of engineers, grandson of General U. S. Grant and a son of Gen. Frederick D. Grant. The two young men whose names bring back the most stupendous events in our national history will naturally be the objects of great attention.—Washington Star.

"COMPLETELY DISCOURAGED"

Is the feeling and plaint of women who are "run-down" so low that work drags, head aches, back ackes, hands tremble, voice quivers, little things annoy and "everything goes wrong."

Look the other way just a minute and see what Dr. Pierce's Favorite Prescription has done for more than a half-million women in the last thirty years.

What it has done for others it can do for you.

Believing that alcoholic, stimulating medicines were doing much harm, Doctor R. V. Pierce turned his investigating mind upon the problem of producing a remedy for the use of weak and suffering women that should be free from alcohol and at the same time EFFECTIVE AND SAFE.

Nature has provided abundantly for such needs and Dr. Pierce found in native medicinal plants such as the roots of GOLDEN SEAL, LADY'S SLIPPER, BLACK COHOSH, UNICORN and BLUE COHOSH, the needed medicinal properties which by peculiar processes strictly his own, without the use of alcohol, he has extracted, preserved and combined in exact proportions to secure from each its best effect. Thus compounded his "FAVORITE PRESCRIPTION" is a remedy for the pains and drains, weaknesses and inflammation of the uterine system that has won world-wide fame by during more than ninety-nine out of every hundred who have used it properly.

In taking this you will *know what you take* and *take what you know* to be good.

If in any doubt as to what is best for you, write and ask advice of Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y., and reliable medical advice will be sent you by return mail in securely sealed envelope. All correspondence free and strictly confidential.

Doctor Pierce's Pleasant Pellets the favorite family laxative. One "Pellet" a laxative, two "Pellets" a cathartic dose.

THE COTTON MARKET.

New York, August 21.—The cotton market was quiet on the whole sales for the day being estimated at only 200,000 bales but demand seemed to be a little more general during the early session and prices were steadily held, most of the midday reaction being recovered toward the close when prices were net 4 to 7 points higher. The opening was steady at a decline of one point on October and December but generally unchanged to three points higher in response to steady cables and a number of private wires reporting firmer interior spot markets. There was some selling on a scale up by local bears as well as realizing, but the market gradually worked higher until around midday prices showed a net gain of 7@8 points. This was followed by a reaction in the early afternoon on reports that spot demand was less active at the advance but after selling off 4 or 5 points the market rallied in the late trading and closed steady on renewed covering. Southern spot markets were unchanged to 1-16c higher and reports of firm holders are accompanied by a falling off in receipts as compared with last season which is supposed to reflect slow marketing. Weather reports were favorable.

Receipts at the ports today 36,652 bales against 34,854 last week and 45,706 last year. For the week, estimated 240,000 bales against 213,488 last week and 289,144 last year. Today's receipts at New Orleans 2,011 bales against 5,521 last year, and at Houston 10,657 bales against 11,104 last year.

Special Trial Offer

THE MORNING STAR

At Reduced Rates To New Subscribers

For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

FOR ONE YEAR $4.00
FOR SIX MONTHS $2.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

Sample copies mailed free to any address.

Note the conditions of this offer carefully to avoid mistakes.

SPIRITS TURPENTINE.

—The Asheville Normal and Collegiate Institute opened Wednesday with 200 girls in attendance from different portions of the State.

—At Winston-Salem Wednesday afternoon, the woolen mill of F. H. Fries, which was built before the war, was damaged by fire and water to the extent of several thousand dollars. The fire started in the picker room of the fourth floor, but its origin is not known The machinery was badly damaged by water. The firm had no insurance on the building.

—The report that some of those recently indicted at Greensboro are endeavoring to compromise and settle the case against them out of court was called to District Holton's attention, when he was in Washington a few days ago. "You can say," replied Mr. Holton, "that there will be no compromises. I am only after the guilty, and I am satisfied, have violated Federal statutes."

—It is understool that the test case at Raleigh involving the constitutional power of a police justice to sentence persons without a jury trial will come before the Supreme Court at the end of the Sixth district hearings. J. C. L. Harris, who is pushing this matter, says it must be absolutely decided and if there is any way to get a writ of error so as to get the matter before the United States Supreme Court he will take this step.

—Raleigh correspondence, Charlotte Observer: The last arrival at the penitentiary is Chas. Done, who get five years for the murder of his 12-year-old brother. Done is 18 years of age. He was out with his brother hunting and shot at a bird, missed it and when his brother laughed at him, loaded the gun with powder and rammed a heavy wad upon this, then took aim at his brother and fired, blowing off the top of his head.

—A dispatch from Asheville on Wednesday says: It was learned here today, on what is believed to be good authority, that Cy. Watson, of Winston-Salem, ex-Governor Chas. B. Aycock and Judge Bynum have been retained by the recently indicted revenue officers to defend them at the trial during the Greensboro term of United States court next month. The indicted revenue officers intend to put up a strong fight and the splendid array of counsel retained indicates that convictions, if any are secured, will be accomplished only after a great legal battle.

—A new $20,000 organization was chartered for Salisbury on Tuesday by the State and is already at work. Senator Lee S. Overman, Messrs. L. H. Clement, J. C. McCanless, W. F. Snider, P. H. Thompson and W. M. Roach are the stockholders and they begin work with $15,000 running capital and $5,000 surplus for the purpose of paying off all old debts. The new corporation has bought out the William T. Buckley estate and will do a large granite business. A spur track runs out from the Yadkin road and furnishes good shipping facilities. Mr. W. M. Roach is superintending the work and has some large contracts to fill. Capt. J. C. McCanless is president and Mr. Snider is treasurer of the new company.

—Goldsboro correspondence, Sept. 20th: A home, which only yesterday was nothing but sunshine and happiness, is to-day cast into gloom, and the fond young parents' hearts are rent with pain and sorrow, for their only child, the pet of everybody who knew her, lays cold in death. Yesterday morning while the husband, Mr. Henry Beck, foreman of the painting department of the Goldsboro Buggy Company, was at work and the fond mother, Mrs. Irene Beck, was attending to her household duties in another part of the house, the child by some means got hold of a match box and put matches in her mouth, sucking the heads off and swallowing them. Mrs. Beck soon came in and found the child. She phoned for Dr. M. E. Robinson, who soon arrived and did all in his power to help the little one, who was only 16 months old, but she grew worse and at 4 o'clock this morning she died.

—The A. C. L. is indeed doing wondrous things for this section of the State, and especially for our fortunate sister town, Rocky Mount. The double track from South Rocky Mt. to Wilson has been completed and the work is being rapidly pushed to Selma, we understand. This company has land contigous to South Rocky Mt. running down the road this way two miles to be utilized for railroad purposes, upon which they will have about fifty miles of track, enabling them to handle at one time six thousand cars, and making the second largest yard in the United State. We understand that between two and three hundred thousand dollars will be expended in enlarging their shop and yards, and will give work to fifteen hundred additional men. Some people take delight in "cussing" railroads, but never the less, they are town builders, and great promoters to the enhancement of property generally and the upbuilding of all sections through which they pass—Elm City.

—A dispatch from Asheville on Wednesday says: Eva Suttles, the Madison county girl who came here to make affidavit concerning her testimony given at the trial and conviction of Peter Smith for criminal assault, returned to her home on Big Pine Creek yesterday, accompanied by Deputy Sheriff Roberts, of Madison. Sheriff Reed said last night that the ordeal through which the girl passed completely unnerved her, though withal she stuck to her story and those who heard the victim's testimony at the trial and the statement this week, more than six weeks later, says that it did not vary in any particular. After the taking of Miss Suttle's affidavit before Judge Moore Monday afternoon, it was ordered that she be given accommodations at a local hotel until yesterday morning when she was to return to her home. Miss Suttles, however, would not go to a hotel. She asked to be taken to the county jail and locked up over night. She was badly frightened and gave as her reason for desiring to remain in jail that she was afraid some one would kill her. Deputy Sheriff Roberts accompanied the girl to the county jail and told Sheriff Reed of her request. Buncombe's sheriff assured the girl that there was no danger; that accomodations would be provided at the hotel, and that to relieve her fears he would place a deputy sheriff on guard. Miss Suttles begged Sheriff Reed to lock her up in a cell in the county jail, saying that she feared her life would be taken if she went to a hotel. The sheriff told Miss Suttles that he had no commitment for her; that he couldn't place her in jail but that she might walk in voluntarily and remain there over night. He insisted, however, that there was no danger; that no one desired to harm her, and that a hotel would be perfectly safe. She preferred the iron cell and when the heavy door was swung open she walked in; the door was swung to and locked and she was a voluntary prisoner.

BAKING POWDER

GET INSIDE.

Your Friends and Neighbors in Wilmington Will Show You How.

Rubbing the back won't cure backache.

A liniment may relieve, but can't cure.

Backache comes from the inside—from the kidneys.

Doan's Kidney Pills get inside—

They cure sick kidneys.

Here is Wilmington proof that this is so:

R. F. Rowan, clerk with L. W. Davis' Clothing House, residing on Castle street between Sixth and Seventh, says: "I strained myself lifting a heavy box, and suffered great pain across my back for a long time. I used plasters and liniments but they did me no good. I could hardly stand up straight, my back was so weak. Seeing Doan's Kidney Pills advertised in our newspapers I went to Bellamy's drug store and got a box. I felt better the next day and continued using them according to directions and my back regained its old strength. I was simply surprised at the result I will gladly recommend Doan's Kidney Pills every time for backache."

THE REAL TEST

Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigors may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HARDIN'S PHARMACY. Special Agent.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." R. R. Bellamy, druggist, sells and guarantees them, at 50c a bottle. **

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promtly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At R. R. Bellamy drug store; 50c and $1.00; guaranteed. Trial bottle free.

LIGHT THAT KILLS PAIN.

The Effect of Intense Blue Rays In Dental Operations.

In order to test personally the new anaesthetic known as the blue light system, by which tooth extraction is rendered painless, the Geneva correspondent of the London Daily Mail has just undergone an operation for the removal of a troublesome molar at the hands of Dr. Camille Redard, the Swiss discoverer of the method.

Having placed his patient in a recumbent position, the doctor impressed upon him the great importance of faith in the new process and then commanded him to gaze steadily at an ordinary sixteen candle power electric light with a blue glass bulb fixed within eighteen inches of his eyes.

Behind the lamp was a reflector. After covering up his patient with a large blue cloth the doctor left the room.

"I found myself gazing at the dazzling blue light, which gradually seemed to penetrate my eyes and pass out of the back of my head," writes the correspondent.

"At first I felt a slight burning sensation, which in turn gave way to one of coolness around the eyeballs.

"This feeling passed, and I felt nothing more out of the ordinary except that a sensation of rest came over me, and my hands, which were trembling slightly before, were perfectly still now. My senses never left me, and I plainly heard the doctor entering the room.

"He took away the cloth rapidly, placed the blue electric light farther away, tilted the chair up slightly and signed to me with the instrument to open my mouth.

"I felt the instrument grasp the tooth and watched the doctor pull. The next instant I saw the molar before me, not having felt the slightest pain."

Playtime In the Street.

What, ho, for playtime out in the street,
When shadows are creeping down,
On the sidewalk then to romp and play
In the cool, clear air of town.

What, ho, for playtime out in the street
And a game of tag or ball,
With naught to mar the mirth and joy
But thoughts of the homeward call.

What, ho, for playtime out in the street,
In the twilight hour dim;
It matters not what game we choose,
It goes with a dash and vim.

Then, ho, for playtime out in the street,
But the old folks call us in
To leave the cool, sweet air and play;
Alas, but it is a sin!

GUION & DAVIS

The Morning Star.

WILMINGTON, N. C.

Friday Morning, Sept. 22.

MID-NIGHT COLLISION BETWEEN SHIPS AT SEA

Large Five Masted Schooner Rams Steamer and Both Badly Damaged—Eight Injured.

By Wire to the Morning Star:

Boston, Mass., Sept. 21.—The injury of six passengers and two of the ship's officer by a collision at sea was reported by the steamer Juniata of the Merchants' and Miners' Transportation company bound from Boston for Baltimore and Norfolk, which returned to this port this afternoon, badly damaged. The Juniata was rammed last night thirty miles off Chatham by the five masted schooner Harwood Palmer, bound from Baltimore for Portland, Maine, with a cargo of coal. The injured:

Mr. and Mrs. Freidell, Pittsburg, bodly bruised.

J. W. Johnson, North Abington, Mass., leg broken; injured internaly. Condition serious.

Mrs. and Mrs. John C. Murray, South Boston, bruised and badly shaken up.

Corporal J. J. Mattingly, U. S. Marine Corps, hands cut.

Captain Z. Nickerson, of the Juniata, injury to hands.

Quartermaster John Crockett, hands cut and bruised.

No one on board the schooner was injured.

That the accident did not result in a general loss of life on the steamer is considered remarkable by every one on board. The steamer had a great hole stove in her starboard side amidships, her cabins from that point forward were ripped and torn into kindling wood, her pilot house was wrecked and the foremast and smokestack were carried away. The Juniata returned to her dock here this afternoon and landed her passengers. Arrangements were made to transfer the cargo. The Palmer lost her gibboom, bowsprit and headgear.

The accident occured at 9:50 o'clock last night when the Juniata was teaming around Cape Cod. A fog hung over the water and the steamer's speed had been reduced somewhat. Captain Nickerson was in the pilot house directing the movements of his ship. Suddenly the lookout shouted a warning that a big vessel was to the starboard and bearing down on the steamer rapidly. Captain Nickerson ordered the wheel put hard over and the engines reversed but even as his order was being executed the flapping of huge sails and shouts of alarm were heard and in less than a minute from the time the lookout gave his warning the steamer was struck a terrific blow squarely amidships on the starboard side. Immediately following the first crash, the shooner scraped along the side of the steamer, her spars and rigging turning the upper deck into a mass of wreckage. The staterooms and the pilot house were torn apart as though made of paper. The immense jibboom of the schooner after unroofing the staterooms and pilot house became imbedded in the upper works and was snapped off short.

All aboard the steamer remained cool and there was not the sightest evidence of a panic. As a precautionary measure the lifeboats were made ready by the crew, and sailors not thus engaged went to the assistance of a number of the passengers who were vigorously working on the mass of debris in which several other passengers, Captain Nickerson and Quartermaster Crockett were buried. It was found that J. W. Johnson was the only one seriously injured. His stateroom was almost opposite the spot at which the schoomer struck and was buried in the mass of wreckage. His right leg was broken and he sustained internal injuries and cuts about the head and face.

The schooner although damaged, signalled that she was in no danger. Both vessels remained at the scene until daylight, when the extent of the injuries sustained by each was learned. The hole in the side of the Junia ta was found to be five feet above the water line.

Captain Nickerson decided it would be safe to steam back to Boston. The injured passengers were sent to Providence by train, whence they proceeded to their destination on the steamer Essex. The blame for the collision has not been fixed. Captain Nickerson refused to discuss the accident in anyway.

NOT A CANNIBAL AGAIN.

Another Statement About Wilberforce, the African Missionary.

By Wire to The Morning Star

Westerville, O., Sept. 21.—Mrs. Clayton Judys, United Brethren Missionary to West Africa, who has just arrived here from Tree Town, South Africa, on a visit to her father, Rev. Frederick Riebel, says that Daniel Flickinger Wilberforce, the native missionary, who was educated in Ohio, has not gone back to savagery and canfibalism, but is still a member of the Radical United Brethren Church, and was continuing his missionary labors when arrested by order of the English government and put in prison. She says that the arrest was made because he is the chief of his tribe and is therefore held responsible for any unlawful acts by the members of the tribe. He is accountable to the government for the good behavior of the tribe. Mrs. Judys' work is in the same district at Wilberforce's.

DEMANDING REPUBLIC.

Norwegian Papers Want People to Choose Form of Government.

By Cable to The Morning Star.

Karistad, Sweden, Sept. 21.—The Swedish and Norwegian commissioners met in joint conference to-day after the holding of separate conferences during the day. The joint conference lasted nearly four hours and was then adjourned until to-morrow. It is understood that the Swedish demands that the transit trade through both countries shall be secured against unjustifiable obstruction, and for the right of pasturing reindeer belonging to Swedish laplanders in Norway, have been amicably settled, but that the question of the demolition of the fortifications still remains open.

Several Norwegian newspapers are opposing an offer of the throne to Prince Charles of Denmark. They demand that the people of Norway be given an opportunity to express their choice between a monarchy and a republic.

FEVER RECORD FOR THURSDAY

Bad Day at Pensacola, Six New Cases Appearing in Different Sections

NEW ORLEANS DEATHS 355

Up to Date There Have Been 2,725 Cases There—Serious Spread of Fever In Many Country Places.

By Wire to the Morning Star.

New Orleans, Sept. 21.—The following is the official report of the yellow fever situation at New Orleans up to 6 P. M. today:

New cases today, 36.
Total cases to date, 1,725
Deaths today, 4.
Total deaths to date, 355.
New foci, 9.
Cases under treatment, 319.
Cases discharged, 2,051

The record of new cases today is lower, as is also the list of deaths and new foci, which, following the rather heavy report of Wednesday, is gratifying. One explanation of the continued heavy daily reports is the anxiety of the physicians to report every case in their practice which may possibly be yellow fever. An instance of this kind occurred today when a physician sent in a positive report on a case which he had reported as suspicious three weeks ago, and which had long since recovered. He reached the conclusion that it was a positive case because two other cases have developed in the house within the usual period for secondary infection. Only nine of the new cases are uptown, while four of the nine new foci are in that part of the city. Of the deaths, two occurred in the Emergency Hospital.

Serious In Country.

The country situation shows no material change. The emergency fund of the State Board of Health has been exhausted and now the expenditures which are being made come from the special fund borrowed by the Governor originally to relieve the situation in New Orleans. Where communities are in need of assistance for the operation of emergency hospitals the payment of nurses, physicians, etc the Governor assigns what he considers sufficient to meet the immediate needs. Two positive cases of yellow fever were diagnosed at Gross Tete in Iberville parish. Bunkie and Bayou Dula also turned up with one case each.

They are almost in the same neighborhoods.

An autopsy was held on the case of suspicious fever reported at Everett in Vernon Parish, and it was proven not yellow fever. Other country reports were:

Kenner, 5 new cases.
St. Bernard, 3 cases.
Tallulah, 6 new cases.
Cross Tete, 2 cases.
Bunkie, 1 new case.
Bayou Dulac (correct), 1 case.
Alexandria, 2 new cases.
Patterson, 16 new cases; 1 death.

Dr. Anderson who was sent to Tallulah to assist Dr. Chassagniac was stricken with yellow fever, but has only a mild case.

Bad Day at Pensacola.

Pensacola, Fla., Sept. 21.—Six new cases of yellow fever developed here to-day, showing a gradual increase in the number of cases to develop each day. The cases reported to-night are scattered all over the city, and are not traceable to the original district. Owing to the opposition shown by residents, the physicians confront a difficult proposition in their efforts to get the fever under control. Total cases to date 55. Deaths 9, discharged 32, under treatment 14.

Texas Relaxes Quarantine.

Galveston, Texas, Sept. 21.—The quarantine against Cuban ports was to-day modified to become effective at once. State Health Officer Tabor has directed that vessels from Cuba be thoroughly fumigated immediately upon arrival and after inspection, they will then be permitted to come to the docks without further detention. No one except the captain, however, is to be permitted to come to shore.

Three New Cases at Vicksburg.

Vicksburg, Miss., Sept. 21.—Three new cases of yellow fever and no deaths were reported today. Two of these stricken today were white men.

Natchez Reports Three New Cases.

Natchez, Miss., Sept. 21.—Three new cases of yellow fever were reported today, bringing the total up to 41. The first death occurred this afternoon, the deceased being Richard Abbott, a prominent young married man whose case was reported on the 16th instant. His young wife was removed to a private sanitarium sick with fever a few hours before his death. Her case has not been pronounced yellow fever. The three new cases are: Mrs. Devereux Shields and son, and Mrs. J. Laton. Mrs. Sheilds is the wife of Captain Devereux Shields who was captured by the insurgents in the Island of Maranduque, P. I., in 1901 and rescued by General Luther Hare. Three negro patients were discharged today, eaving eleven under treatment.

Fever at Jackson.

Jackson, Miss., Sept. 21.—No positive diagnosis has been made of the suspicious case reported here today by Dr. W. E. Todd, Surgeon Wasdin of the Marine Hospital Service, arrived from Gulfport too late to make positive statement, having found the woman free of fever. Dr. Haralson has been ordered to Roxie to diagnose suspicious cases reported at that place.

The Mississippi yellow fever summary for the past 24 hours is as follows: Natchez, three new cases, one death and one new focus. Vicksburg, three new cases, no deaths, forty-four cases to date. Hamburg one suspicious case, no deaths. No new cases reported from any point on the gulf coast.

WARM WIRELETS.

Among the bequests of the late Herman Siebeling who was a wealthy printer of Philadelphia, is one of $50,000 to the Philadelphia lodge No. 2 B. P. O. Elks. Mr. Siebeling also left $1,000 to the Elks' National Home at Bedford, Va.

In the Franklin county court at Rocky Mount, Va., yesterday, Mack Alexander, who has been on trial for the past two days for the murder of Jeff Nowlin last July was sentenced to 18 years in the penitentiary. The jury was out all night. Alexander shot Newlin to death with a shot gun in Nowlin's home.

Mob at Cienfuegos Threw Filth on Uncle Sam's Coat of Arms Wednesday Night.

By Wire to The Morning Star.

Havana, Sept 21.—As a result of the Cuban government's having received authoritative confirmation of the report that on Tuesday night, after a big meeting of Liberals at Cienfuegos disturbance occured during which filth was thrown upon the escutcheon of the American consulate, the Cuban State Department to-day communicated with the American charge d'affairs, Mr. Sleeper, and apologized for the occurance, assuring Mr. Sleeper that energetic efforts would be made to ascertain the idenity of the guilty parties and that measures would be taken to prevent the recurrence of such an event, which Cuba greatly deplored.

Official Apology.

Washington, Sept 21.—Mr. Quesado, himself in the strongest terms against the Cuban minister, to-day expressed the alleged outrage perpetrated on the American consul at Cienfuegos, by the throwing of filth on the coat of arms over the entrance to the building and said that the Cuban government will deal with the matter in the most energetic way. He called at the State Department this morning and personally handed to the acting Secretary of State a copy of the following cable message he had received from Senor O'Farrill, Secretary of State of Cuba, dated yesterday, expressing the regret of the government and people of Cuba at the occurrence:

"This morning the coat of arms of the United States consulate at Cienfuegos appeared defiled. Express to the Secretary of State how deeply the government deplores this occurrence, which must not be interpreted as a demonstration of hostility on the part of Cuban people towards the American people, but as an isolated act due to a criminal to the end of creating difficulties for the government. An immediate and scrupulous investigation has been ordered to punish the author of such repugnant action."

FATAL RAILROAD WRECK.

Six Men Killed—Salisbury Man Badly Injured.

By Wire to The Morning Star

Harrisburg, Pa., Sept. 21.—Five trainmen were killed and eight other seriously injured in a collision between a pay train and a combination passenger and milk train on the Philadelphia Harrisburg and Pittsburg branch of the Philadelphia and Reading railroad as Roush's curve, at Mount Holly Springs, this afternoon. None of the passengers were injured. The pay car contained about $50,000 in checks which were scattered about the tracks. The checks were picked up by the trainmen. Officials of the company say the accident was probably due to a misunderstanding of orders.

Charleston, W. Va., Sept. 21.—Local passenger train No. 35 on the Chesapeake and Ohio jumped the track on a curve near Carken, eight miles east of here to-day. Express Messenger O. A. Hopkins, of Charleston, was instantly killed. Three passengers were badly injured. They were Noah Smith, of Richmond, Va., right shoulder and left knee badly injured; Wal. Scales, of Madison, Va., left hip and head hurt; William Smotherman, of Salisbury, N. C., several ribs broken, back wrenched, badly injured. Engineer Henry Fox, Fireman C. H. Consor and Baggageman Walter Taksman, were slightly injured.

ONO PERMANENTLY INJURED.

Japanese Wrestler Will Demand Indemnity from United States.

By Wire to The Morning Star.

Raleigh, N. C., Sept. 21.—A special to The News and Observer from Asheville says:

In a wrestling match last Friday night Professor A. Ono, of Japan, and last year instructor in jiu jitsu at Annapolis, received permanent injury to his eye at the hands of Professor Olsen, of Chicago. Ono claims that he was fouled. The matter has now assumed serious proportions. Mr. Hirano, Ono's manager, left this afternoon for Wasnington to see the Japanese Minister and lay the matter before him with the request that President Roosevelt be consulted. Hirano, before leaving, said that indemnity would be demanded, and that he desired to consult the Japanese Minister relative to the amount.

It was learned here this afternoon that Professor Schoenfield, the referee, and Big Tom Frisbee, of Madison county, will go to Knoxville, Tenn., this week and wrestle an exhibition match in that city Saturday. The Madison county man and Professor Schoenfield will wrestle American style

IN HANDS OF RECEIVER.

Jefferson Fire and Marine Insurance Company, of Richmond, Insolvent.

By Wire to The Morning Star

Richmond, Va., Sept. 21.—Admitting insolvency and practically without assets, the Jefferson Fire and Marine Insurance Company, of this city, was placed in the hands of a receiver today by Judge Ingram of the law and equity court. The end of the company was precipitated, it is said, by a judgment obtained in Judge Ingram's court by the Arkansas Democrat Company, of Little Rock, Ark., a publishing concern, which holds a $2,000 policy of the company, and which is unable to collect a fire loss claim of $1,250. The receiver named by Judge Ingram, is Roscoe C. Nelson, who will give bond in the sum of $5,000.

MEAT PACKERS FINED $25,000

Four Officers of Well Known Chicago Packing Houses Plead Guilty to Charge

JAIL SENTENCES SUSPENDED

Men Were Charged With Conspiracy to Secure Freight Rebates from Railroads — Prosecution Gave One Nervous Prostration.

By Wire to the Morning Star.

Chicago, Sept. 21.—Four officials of the Schwarzchild & Sulzeberger Packing Company, of Chicago, were fined an aggregate of $25,000 by Judge Humphrey in the United States District Court here today. The fines followed a plea of guilty to indictments charging conspidacy to accept railroad rebates. The defendants were: Samuel E. Weil, of New York, vice president of the company; B. S. Cusri, traffic manager, Vance D. Skipworth and Charles E. Todd, assistant traffic managers. Mr. Weil was fined $10,000, the other three $5.000 each. With the entering of the plea the declaratoin was made that unless at least one of the cases is immediately settled the life of Samuel Weil, who is vice president of the company and is one of the defendants, is in jeopardy. He is said to be a nervous wreck and fears were entertained for his life if he had been allowed to continue under the strain of a trial. The plea was entered, it is declared, after a complete understanding had been reached between counsel for the defendants and Attorney General William H. Moody. While in Chicago the Attorney General was apprised of the condition of Vice President Weil, and it is said, consented to the entry of a plea of guilty with the understanding that the jail provision of the law under which the indictment was returned should be waived and merely a fine imposed. The same concession was made in the case of the other three defendants.

The four defendants were charged with unlawfully combining and agreeing to solicit rebates for the Schwarzschild & Sulzeberg Company from rail road companies. Charges were made that the defendants conspired with each other in presenting supposed claims for damages which were in reality clainis for rebates.

During the sentence the court room was absolutely still, and the defendants were visibly affected. At the last word of the court there was a general stir, a buzz of conversation and it was necessary for the court cryer to rap for order. Meanwhile the check for the payment of the fines was quickly made out and the four Schwarzschilds and Sulzeberger officials stepped out of the court room free.

New York, Sept. 21.—George W. Perkins, vice president of the New York Life Insurance Company and a member of the firm of J. P. Morgan & Co., was on the witness stand before the special legislative committee probing insurance companies methods during the greater part of to-day's session. When an adjournment was taken he was still on the stand with a number of questions pending, to reply to which he asked permission to look up the records and submit transcriptions. There was nothing of a sensational character in the testimony to-day, the only development of moment being the witness' disclosure in the New Orleans traction syndicate in which the company sustained a loss of over $300,000.

Edmund V. Randolph, treasurer of the company, had been questioned rather sharply regarding this transaction when he was on the stand last week.

To-day the matter was brought up when Counsel Hughes attempted to probe the collateral loan account. The bonds of the New Orleans Traction Company had been bought from the New York Securtiy and Trust Company at 85 and were subsequently sold at 75. Mr. Perkns testified they were sold on December 31, 1903, to Fanshaw & Company for $937,500. Mr. Hughes found under date of January 5, 1905, a loan of that amount to Fanshaw & Company and asked him if the loan was made against these bonds. This Mr. Perkins said he would have to look up and the question was dropped for the present. It was brought out that John Regman, president of the Metropolitan Life Insurance Company, was carrying a running loan with the New York Life of $50,000 at 1 1-2 per cent. interest. Mr. Perkins did not know whether this matter came before the finance committee and would also look that up. Witness could not explain why, after the New York Life had bought $4,000,000 worth of bonds from J. P. Morgan & Co. $2,000,000 worth should be sold back to that firm at the same price within two months and no minutes of the finance committee could be found to explain it.

The transaction in navigation syndicate bonds of December 31, 1903, when Mr. Perkins for the New York Life, sold Mr. Perkins for J. P. Morgan & Co. $800,000, in these bonds, came up again when the warrant for the check of $800,266 was produced. These bonds were bought back by the New York Life two days later and the $266, Mr. Perkins stestified, was for the adjustment of interest. Mr. Perkins would not acknowledge the transaction was a loan.

The total dealings of the company with the Morgan firm amounted to $39,286,075 with a profit of $784,788.19. The manner of the company's income was for the present dropped and the way of spending the money was probed. The agency system of the company was described and at this point Vice President Thomas A. Buckner, who has charge of the agents, was called. He stated that the total salaries of agency inspetcors were $126,000 annually. Agency directors get an average annual salary of $3,000.

The latter receive about $100,000 annually in bonuses. Mr. Buckner was unable to answer many questions without referring to records and will be called again.

Earlier in the day Mr. Perkins had been questioned on the "Joint Account" transactions of the New York Life Insurance Company which he was unable to explain last Friday. He occupied almost the entire morning session and presented statements of each account. Mr. Perkins took occasion to correct his testimony of last Friday relative to the navigation bonds, when he was asked if the object of the transaction between J. P. Morgan & Co and the New York Life Insurance Company was to remove the $800,000 bonds from the insurance company's books and reduce ther holdings temporarily from $4,000,000 to $3,200,000. Mr. Perkins answered yes, but today said: "I did not mean that; I meant to say 'No.'"

Before Mr. Perkins took the stand John F. McCullough, of Albany, a clerk for Andrew Hamilton, was called in attempt to probe further into the $100,000 check matter, but Mr. McCullough could give no information and was excused.

The investigation will be resumed tomorrow.

McCALL PREVARICATED.

Democratic National Committee Never Asked Him for Dollar.

By Wire to The Morning Star.

New York, Sept. 21.—Chairman Taggart, of the Democratic National Committee, arrived in New York to-day from Indianapolis. He denied the statement made by President McCall of the New York Life, before the Legislative Insurance Investigation Committee on Wednesday, that the Democratic National Committee had solicited money for the campaign fund from that concern.

"No member of the National committee or any agent of the committee ever asked Mr. McCall of the New York Life, for a dollar," he said.

Mr. Taggart added:

"Neither the Democratic National Committee nor any other authorized representative of the committee ever asked a dollar's contribution to the campaign fund from any other insurance company."

He said he did not come to New York to testify before the insurance investigating committee. It was also stated at the investigation to-day to a reporter that Chairman Taggart hal not been asked to testify.

RIOTING IN NEW YORK.

Police Have Clash With Toughs of East Side.

By Wire to the Morning Star.

New York, Sept. 21.—One man was killed, a policeman seriously injured and two other persons were shot in an East Side riot to-night. The fighting followed the effort of the police to clear a crowd of men and women, who had become disorderly, in front of a restaurant in lower Second avenue. There had been numerous complaints from the neighborhood that remnants of several of the recently broken up "gangs" on the East Side had been meeting at the restaurant and were becomng unruly.

The police of the precinct were instructed by their captain tonight to rid the vicinity of the vicious characters. The appearance of Policeman Walter J. Miller on the scene was at once the signal for trouble. One of the women in the crowd jeered at him and when the men were told to move on they refused to do so. Miler arrested a man named Jack Klein and was immediately set upon by the fellows companions. Miller was hit heavily over the head with a club and fell to the ground, still retaining his hold on Klein. The prostrate policeman was kicked and beaten, but finally managed to draw his pistol and, after shouting a warning, fired twice.

One bullet struck Klein between the shoulders and he fell dead. The second bullet passed through the leg of Max Felderbaum and then entered the foot of Florence Smtih, a 19-year-old girl. Following the shooting policemen came running from many quarters and reserves from two precincts had to be summoned before quiet could be restored. Several arrests were made.

At the hospital where Policeman Miller was taken, it was said he may have a fractured skull.

SOVEREIGN GRAND LODGE.

Interesting Procedings of I. O. O. F. —Next Year in Toronto.

By Wire to The Morning Star

Philadelphia, Sept. 21.—The sovereign grand lodge of Odd Fellows today selected Toronto, Canada, as the next place of meeting.

The question of separating the Partriarchs Militant from the sovereign lodge was referred to the committee on state of the order. The questions of the proposed affiliation with the Manchester Unity of England and the erection of a sanitarium were laid over until tomorrow.

This afternoon there was a flag raising at the Odd Fellows' home for orphans at which Hill Montague, president of the Virginia orphans' home at Lynchburg, Va., was the principal speaker. About $1,800 was contributed by those present for the support of the home. There was a United States flag raised at the home for aged widows of Odd Fellows.

At Hartford, Conn., yesterday harmony prevailed at the third day's session of the National Association of Life Underwriters and the threatened split over the adoption of the resolution presented Tuesday by Delegate J. J. Raleigh, of St. Louis, denouncing misconduct in insurance circles, was averted. A compromise resolution was adopted recommending full publicity in relation to all insurance operations. C. W. Sovel, of Pittsburg, was elected president and Robert Shodden, of Atlanta, third vice president.

PRESIDENT HOLDS CONFERENCE

Probably Considered Disclosures in Insurance Investigation.

By Wire to the Morning Star.

Oyster Bay, L. I., Sep. 21.—Secretary of State Elihu Root, Senator Henry Cabot Lodge, of Massachusetts, and Jos. H. Choate, former American ambassador to Great Britain, who spent last night at Sagamore Hill as guests of President Roosevelt, left for New York to-night.

The conference between the President and his visitors was admittedly important. The principal topic of discussion was the recent disclosures in the investigation of the conduct of the life insurance companies of New York, being made by a committee of the New York Legislature.

Whether the disclosures regarding the payment by certain corporations of campaign contributions has anything to do with the present inquiry by the President of whether that subject was considered even at last night's conference cannot be told.

It is learned that the most important international question considered at the conference was that relating to the second peace conference to be held at The Hague. It has developed that the President withheld further steps toward summoning that conference on the request of the Russian Emperor who desired to take the initiative himself.

HOSPITAL AT RALEIGH.

Directors In Session to Make Up Report To Governor.

(Special Star Telegram.)

Raleigh, N. C., sept. 21.—Members of the Board of Directors of the State Hospital for the Insane here arrived during to-day, and were in session until a late hourt to-night formulating their report to Governor Glenn in the investigation they made of the sensational death of Thomas Nall, the patient alleged to have died from cruel treatment when he was re-captured after an effort to escape from the institution.

Dr. Ferrebee, assistant physician in charge of the male wards of the hospital, was called before the Board and examined as to the condition of Nall. At the time of Nall's death, and when the investigation began Dr. Ferrebee was on his vacation in California. He said that on June 22nd he examined Nall's physical condition, finding that he had dilitation and hypertrophy of the heart; also, dyspnoea and was dropsical. The upper part of the body was puffy from the effects of the disease. For this reason, he gave direction that he should not be worked on the farm or given violent exercise; only the usual walks. Even sweeping floors, he said, would give him shortness of breath.

Members of the Board do not hesitate to say that their forthcoming report will amount to a complete vindication of Superintendent McKee in connection with the Nall incident and the declaration that no evidence was found of cruelty being practiced at all toward any pateients.
